Cancellation of Declaration of Emergency
Town of Sumner

Be it known that on this day, January 11, 2017 the foregoing Declaration of Emergency has been cancelled as the condition no longer exists. The Town of Sumner is leaving its option open to declare under chapter 323 of the Wisconsin Statutes if conditions change to warrant unsafe traversing on the Township roads.

Be it known that on this day, pursuant to the authority vested in my office under chapter 323 of the Wisconsin Statutes, it is hereby declared that a Township state of emergency exists in the Town of Sumner, for the following specific reason(s):

Beginning on January 10, 2017 the Town of Sumner was experiencing excessive ice buildup on the Town of Sumner Roads. This 2017 ice event is estimated by the Emergency Management, Jefferson County and the National Weather Service to continue to increase thereby initiating a ice warning and unsafe travel conditions for all the Town of Sumner roads. This event is expected to cause hazardous road conditions thereby posing a threat to public health and safety.

Based on the current predictions and assessments of the current conditions and the continued buildup of ice on the roads, I find that the response and clean up from this event will cause a hardship on the Town of Sumner, Therefore we will be requesting additional financial support.

Dated: January 11, 2017 @ 9 AM

John Dohner, Jr., Chairperson
Town of Sumner
